THE POWERPUFF GIRLS MOVIE

THOSE PINT-SIZED HEROES TAKE TO THE BIG SCREEN!

FROM OCTOBER 18TH, THE POWERPUFF GIRLS MOVIE HITS THE CINEMA FOR SOME SERIOUS CHEMICAL X-PLOSIVE ACTION!

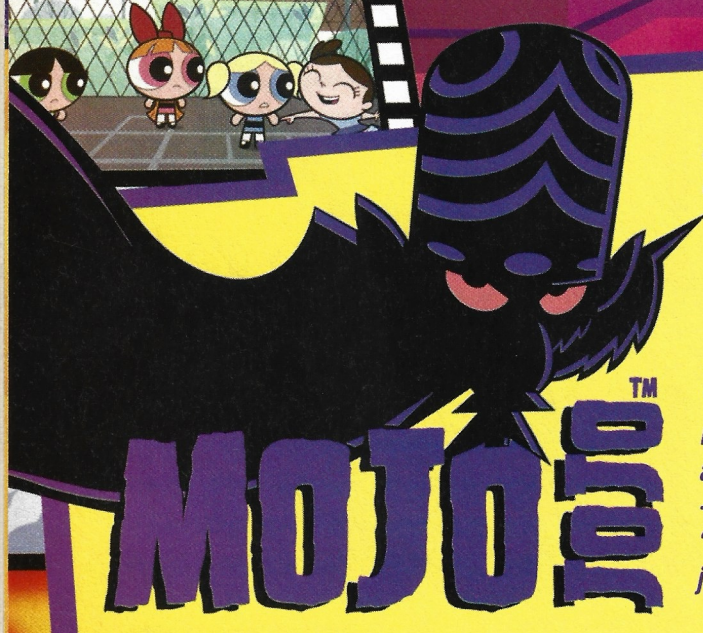
THE DEAL...

The City of Townsville - A crime-ridden, rotten place to live, and the Mayor is powerless to do anything about it. But Wait! Professor Utonium has a plan. But how could a gentle Professor prevent the crime-wave sweeping his home-town? By creating THE POWERPUFF GIRLS, that's how!

But living as a group of bad-guy bashing supergirls isn't all it's cracked up to be. Life at Pokey Oaks is difficult, as nobody understands their superpowers. Soon the whole town has turned against them! And the only person who really understands their dilemma is a certain chemical-X-enhanced monkey who goes by the name of... MOJO JOJO! He befriends them and promises to team up to make Townsville a better place to live.

Bah! Mojo Jojo doing something good for the community? Don't bet on it. It's not long before he shows his true colours (and we don't just mean *green and purple*).

Will the Girls realise the truth about Mojo as well as the true potential of their powers in time to really help the town and make it a better place? And will we ever see Ms Bellum's face? You're gonna have to watch it and see!



Mojo Jojo was interviewed by Malcolm Piddlepot. Here's what he had to say:

-As we all know, Professor Utonium created his beloved girls from sugar and spice and all things nice, but how did the evil Mojo Jojo, become so... evil?
"I realised that no-one realised what I had realised... I am the greatest evil mastermind in all of the world"
-And how did you come to this conclusion?
"As soon as I caught sight of my huge brain and jagged teeth in the mirror, I knew my destiny".

SUGAR AND SPICE GIRLS...ROCK!

Those sassy songstresses, the Sugababes have teamed up with The Powerpuff Girls for their latest single, Angels with Dirty Faces. The super-cool animated video features them in all their cartoon-ified glory as the double A side is released on 11th November.

Check out the official movie site, for the movie trailer, cool downloads and games to play...

DEXTER'S LABORATORY
Hold on to your neogenic recombinators, 'cos Dexter's back with a whole laboratory full of brand new episodes, from November 4th. He may only be 3 feet tall, but the diminutive Dexter stands head and shoulders above his peers - when it comes to science that is. He knows biology inside out and his geometry skills are unparalleled, but if there's one thing likely to ruin his science projects, it's his twirly, girly sister, Dee Dee and her naive habit of 'interfering'.
Weekdays at 7.30 am & 4.30 pm, and weekends 9.00 am & 4.30pm.
NEW EPISODES
